Modification requested filter

checking for permit applications where the authority has requested modification on planned works. Use relevant dates or leave the dates blank for all results.

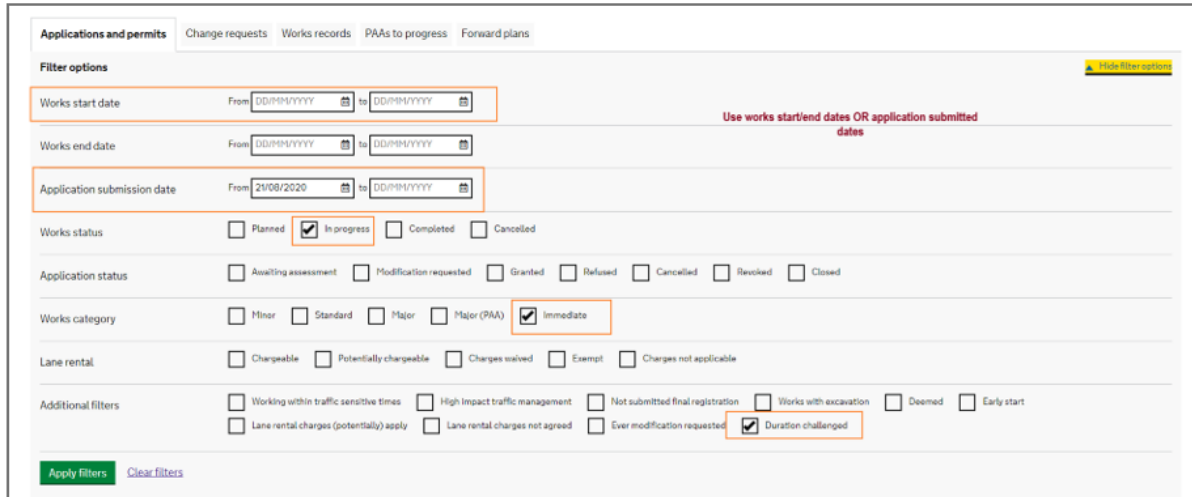

Change requests (extensions) granted with duration challenge

Checking for any in progress permits where an extension change request has been 'Granted with duration challenge' by the authority. Can include date to limit the results.

Immediate permits granted with duration challenge filter

Checking for any immediate permits where a 'Granted with duration challenge' response has been recorded by the authority. Can include dates to limit the results.

Refused permits filter

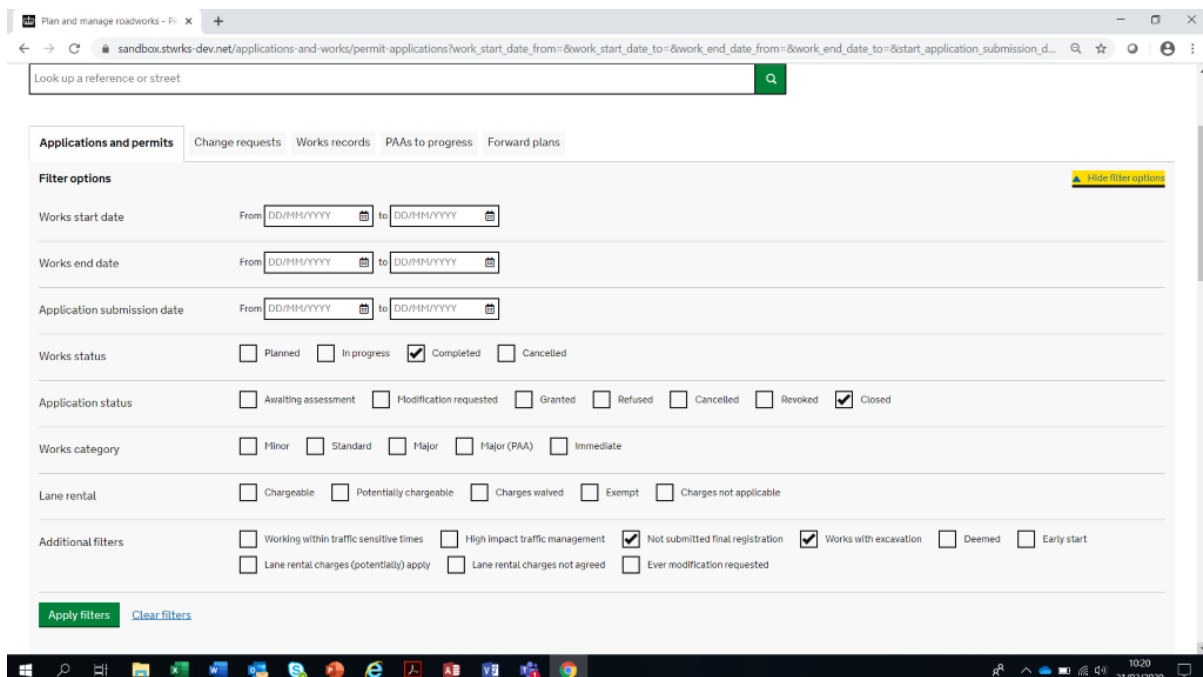

Checking for all permits which have been refused, both where works are planned and/or in progress. Dates can be included to limit the results. The start and end dates columns can be sorted when the results are displayed

The screenshot shows the 'Applications and permits' section of the Street Manager application. The 'Filter options' panel is active, displaying various filters for selecting refused permits. The 'Works status' filter has 'Planned' and 'In progress' selected. The 'Application status' filter has 'Refused' selected. The 'Works category' filter has 'Minor', 'Standard', 'Major', 'Major (PAA)', and 'Immediate' selected. The 'Lane rental' filter has 'Chargeable', 'Potentially chargeable', 'Charges waived', 'Exempt', and 'Charges not applicable' selected. The 'Additional filters' section includes 'Working within traffic sensitive times', 'High impact traffic management', 'Not submitted final registration', 'Works with excavation', 'Deemed', 'Early start', 'Lane rental charges (potentially) apply', 'Lane rental charges not agreed', and 'Ever modification requested'. The 'Apply filters' button is highlighted in green.

Final registration not issued filter

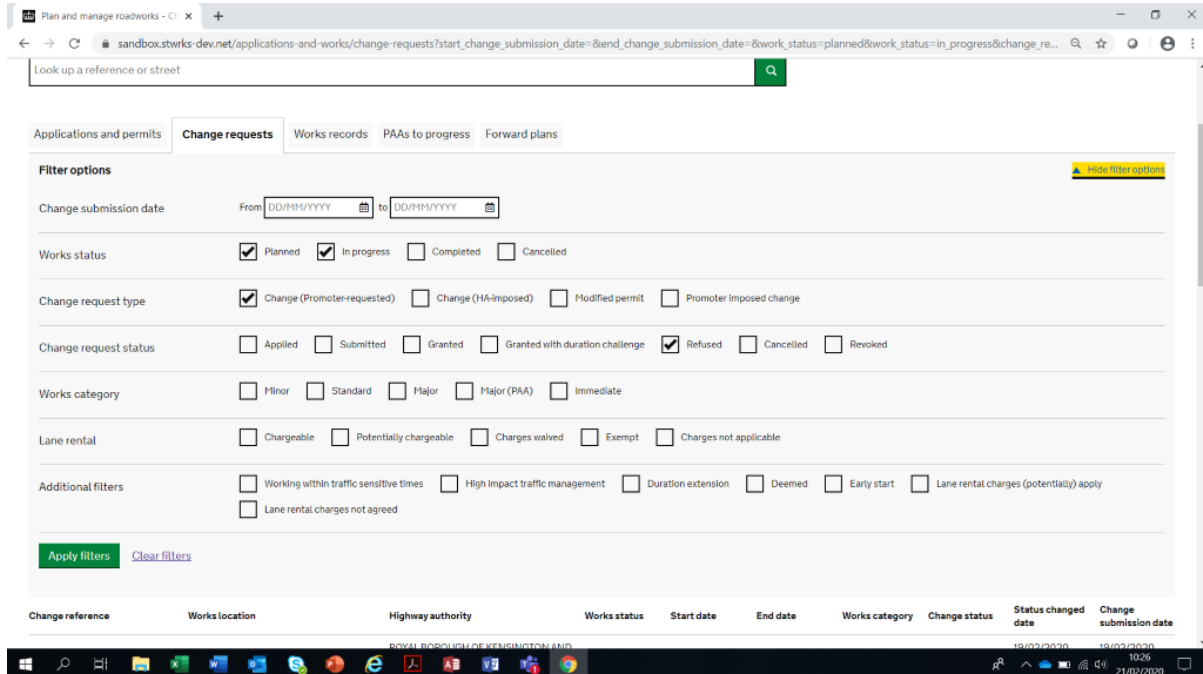

checking for all works where the final registration has not been submitted. Dates can be included to limit the results.

The screenshot shows the 'Applications and permits' section of the Street Manager application. The 'Filter options' panel is active, displaying various filters for selecting works where final registration has not been submitted. The 'Works status' filter has 'Completed' selected. The 'Application status' filter has 'Closed' selected. The 'Works category' filter has 'Minor', 'Standard', 'Major', 'Major (PAA)', and 'Immediate' selected. The 'Lane rental' filter has 'Chargeable', 'Potentially chargeable', 'Charges waived', 'Exempt', and 'Charges not applicable' selected. The 'Additional filters' section includes 'Working within traffic sensitive times', 'High impact traffic management', 'Not submitted final registration', 'Works with excavation', 'Deemed', 'Early start', 'Lane rental charges (potentially) apply', 'Lane rental charges not agreed', and 'Ever modification requested'. The 'Apply filters' button is highlighted in green.

Refused change requests filter

Checking for all promoter change requests which have been refused on planned and in progress works. Dates can be included to limit the results

The screenshot shows the 'Plan and manage roadworks' application with the 'Change requests' tab selected. The 'Filter options' section includes the following filters:

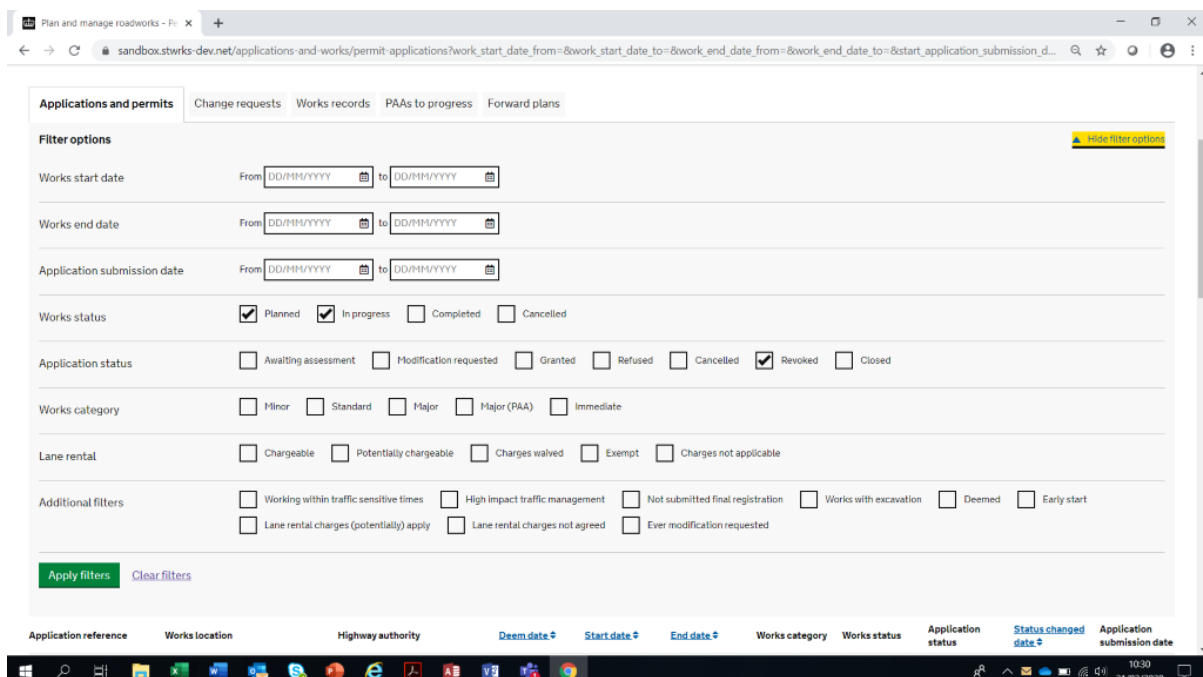

- Change submission date:** From to
- Works status:** ☒ Planned ☒ In progress ☐ Completed ☐ Cancelled
- Change request type:** ☒ Change (Promoter-requested) ☐ Change (HA-imposed) ☐ Modified permit ☐ Promoter imposed change
- Change request status:** ☐ Applied ☐ Submitted ☐ Granted ☐ Granted with duration challenge ☒ Refused ☐ Cancelled ☐ Revoked
- Works category:** ☐ Minor ☐ Standard ☐ Major ☐ Major (PAA) ☐ Immediate
- Lane rental:** ☐ Chargeable ☐ Potentially chargeable ☐ Charges waived ☐ Exempt ☐ Charges not applicable
- Additional filters:** ☐ Working within traffic sensitive times ☐ High impact traffic management ☐ Duration extension ☐ Deemed ☐ Early start ☐ Lane rental charges (potentially) apply ☐ Lane rental charges not agreed

Buttons: [Apply filters](#) [Clear filters](#)

The table below the filters shows columns: Change reference, Works location, Highway authority, Works status, Start date, End date, Works category, Change status, Status changed date, and Change submission date.

Revoked permits filter

Checking for all revoked permits for works planned and in progress. Dates can be included to limit the results. The start and end date columns can be sorted when result are displayed

The screenshot shows the 'Plan and manage roadworks' application with the 'Permit applications' tab selected. The 'Filter options' section includes the following filters:

- Works start date:** From to
- Works end date:** From to
- Application submission date:** From to
- Works status:** ☒ Planned ☒ In progress ☐ Completed ☐ Cancelled
- Application status:** ☐ Awaiting assessment ☐ Modification requested ☐ Granted ☐ Refused ☐ Cancelled ☒ Revoked ☐ Closed
- Works category:** ☐ Minor ☐ Standard ☐ Major ☐ Major (PAA) ☐ Immediate
- Lane rental:** ☐ Chargeable ☐ Potentially chargeable ☐ Charges waived ☐ Exempt ☐ Charges not applicable
- Additional filters:** ☐ Working within traffic sensitive times ☐ High impact traffic management ☐ Not submitted final registration ☐ Works with excavation ☐ Deemed ☐ Early start ☐ Lane rental charges (potentially) apply ☐ Lane rental charges not agreed ☐ Ever modification requested

Buttons: [Apply filters](#) [Clear filters](#)

The table below the filters shows columns: Application reference, Works location, Highway authority, Deem date, Start date, End date, Works category, Works status, Application status, Status changed date, and Application submission date.

Inspections received

To view all inspections received/logged today, insert today's date in the from and to filter at the top of the screen. Results can be exported and sorted by outcome and logged date and time to identify high priority non compliances.

Inspections list

Inspection date From  to  [Apply filter](#)

Inspection logged Inspection

Recorded Comments

For Go live you can export all comments – this includes both incoming & outgoing and then filter to suit, i.e. Date, Topic, Author. Filter options in Streetmanager will follow.

FPNs received

Checking for Fixed Penalties received/logged – clicking on the FPN tile will display all FPN's received/logged. Completing the date filter will limit the results. Export function is available on this tile for further analysis.

FPN issue date From  to  [Apply filter](#)

Section 81's

To view all Section 81's logged/received. Results can be filtered by status and severity. Export function is available on this tile for further analysis.

The screenshot shows a web browser window displaying the 'Section 81 - defective apparatus' page. The page has a search bar at the top with the placeholder text 'Look up a reference or street'. Below the search bar is a 'Filter options' section with checkboxes for 'Section 81 status' (Issued, Acknowledged, Accepted, Rejected, Fixed, Resolved by HA, Cancelled) and 'Severity' (Low, High). There are 'Apply filters' and 'Clear filters' buttons. Below the filters is a table with the following data:

Issue date	Reference	Receiving organisation	Location	Severity	Status	Status changed date
10/03/2020 15:17	FMS8137984919-S81	THAMES WATER	o/s 37 London Road, LONDON ROAD,	Low	Issued	10/03/2020 15:17
04/03/2020 11:02	FMS8187621371-S81	THAMES WATER	o/s 1 Cranborne Close, Potters Bar, CRANBORNE CRESCENT,	Low	Issued	04/03/2020 11:02

HA Specific Filters

Permits awaiting assessment

Checking for permits that are awaiting assessment. The deem date can be sorted when results are displayed.

Filter: Work status – Planned & In Progress, Application Status – Awaiting Assessment

Change Requests

Checking for change requests submitted that require assessment by the HA.

Filter: Change Request Type – Change (Promoter Requested), Change Request Status – Submitted.
